

# UV PROTECTIVE SAFETY EYEWEAR

EYEWEAR

## 3020F Fashionable Model

The premium fashion model 3020F UV safety eyewear offers a specially contoured single lens with wrap around sideshields for the ultimate in stylish look while providing a perfect fit using the adjustable arms and temples. This model has a contrasting black frame with a special orange lens that filters out 99.9% of all the UV and blue light. Plus, they are non-fogging and highly scratch resistant. Series 3020 protective glasses are designed with your safety in mind and are manufactured in compliance with ANSI-Z87.1 2003 specifications for safety eyewear, OSHA safety and health standards for general industry, and also the National Institute of Occupational Safety and Health for occupational visual exposure to ultra-violet radiation.
